Dear All

Greetings

As you are aware that we need to modify the BE Chemical Engineering syllabus which will be applicable from the next academic year, I need your valuable cooperation for the same.

I am attaching here with the list of Team Members along with Group Coordinator and their contact details (Email IDs and Cell Nos.) for the same.

Though the list has limited number of members, the Group Coordinator has the liberty to add any faculty or competent person (from industry etc.) to his group and prepare the best possible syllabus.

For the purpose of clarity I am attaching here with the sample format of syllabus (please adhere to this while preparing the syllabus) and a list of all groups and their contacts. This will help you to interact with other groups and take a personal responsibility regarding the same. Also, please inform the Group Coordinator about the progress of the syllabus preparation on a regular basis so that we can have a meeting to discuss the progress and any other issues related to the syllabus.

I request you to kindly inform the Group Coordinator about the progress of the syllabus preparation on a regular basis so that we can have a meeting to discuss the progress and any other issues related to the syllabus.

The list of members is being prepared by the Group Coordinator and will be shared with you through email. At this point I must mention here that the syllabus should not be more than 26 (earlier 30) each PIR/OR marks 50 (maximum PIR/OR heads 2 per semester excluding project). Project phase I is compulsory etc.

If everything is done in-time then depending on the availability of time the Board may organize a one day workshop to discuss the syllabus as it was done earlier.

Hoping for the best possible support from all of you as you have been extending in the past.

Important (for subject coordinators): Please send me a confirmation mail after receiving this mail.

Thanks and regards
